**Subject:** Soil Gas Sample Analytical Results Tables

Carolyn,

Brad is out of the office today but passed along your message regarding the soil gas tables.

The results will not change based on the validation report. All results were accepted. However, I have added a symbol to a few of the results which were considered "estimated" based on the review by LDC and have updated the table. Most were non-detects for trans-1,2-DCE.

Please let me know if you have any questions.

Sincerely,  
 Chris
